Church Leadership Seminar @ CtK Jan 10th & 11th

Bishop Edward Salmon, retired Bishop of the only Episcopal Diocese to grow faster than the population, will present two full days of teaching on church leadership. More than theory, the concepts are based on practical experience and evidenced by the fruitful ministries in the churches he has served. In his first position after seminary his leadership of four small parishes enabled them to grow such that two of them were able to call their own rector within three years. During his time as Bishop of South Carolina (1990-2007), the diocese was one of the few in the Episcopal Church that grew in attendance. Now, as Dean of Nashotah Seminary, he looks forward to helping lead and equip a strong Priesthood for the Episcopal Church. Come and learn about the difference you can make in your parish.
